

MEDIA POINT FLEX

PURELY AESTHETIC

PURELY AESTHETIC WITH 1001 POSSIBILITIES

A real eyecatcher for your store. Sophisticated anodized aluminum profile, illuminated on the inside, with a HD LCD flat screen display showing your advertising message. The MEDIA POINT FLEX will draw your customer's attention immediately to your products. Finely satined plexiglas trays serve as presentation devices for your products. They can be adapted in surface texture and color to match your product identity. You can also change the illumination color and tint of the plexiglas. Even a complete remodelling of the presentation device is possible.

In connection with the 20 inch HD- MEDIA DISPLAY MD 200i and its Digital Signage Solutions, you control your advertising globally throughout all branches from one single spot. It's a stand-alone system transmitting data via 3G; Wireless LAN or your local LAN. No local personel can access the system. Special offers can be transmitted in in precise timed intervals.

You can be sure that your advertising will hit the spot!
